Questions of Stereotypes

Do double-breasted Latinos flaunt their thin and silvery knives?
And sheeted Arabs thump downcast,docile wives?

Will Polacks punch each other senseless near bi-
tuminous mines while blotto Harps piss pants reci-
ting fragrant rhymes?

(Greeks making loves sublime,
ole Plato'd regard as fine?)

Did Krauts just tally every awful murder by ritual
computers of the time?

(Will niggers get more niggery;
and ghinnnies shriek more ghinnery?)
As Japs politely lie and lie and lie?
